Nowadays everybody is talking about positioning. Positioning is the most important aspect in business. And they are right. On the other hand, most of those people just talk about the expert in the niche. But that's only one possibility to position yourself.

There are many other ways for positioning in order to reach a wider target group. Especially in view of automation in the internet, there is a whole new range of possibilities out there. And if you don't take advantage of them, you'll never be able to grow in the internet... Thus it's really important that you create a new positioning with which you can set yourself apart from your competition. Define your target group and create the maximum benefit for them. Positioning is a process. This training will guide you through the whole process - from beginning to end.

Enjoy the feeling of business growth!
