"Reseña del editor These twelve classic black and white photographs from 1905 through 1938 picture the sunset of the locomotive steam age and the dawn of streamlined diesel and electric trains. All aboard for a sentimental journey down the tracks of time! The large format features big daily grids with ample room for jotting appointments, reminders, and birthdays. Also included are six bonus months of July through December 2019, moon phases, and U.S. and international holidays. Biografía del autor Our location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of Just Labs, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 500,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country."
