Book 1. Taboo: Taking Mom's Place, My New Step Daddy Found My Secret Diary Ever since "he" moved in Andrea Lile feels like she has zero privacy. The house seemed plenty big when it was just the 18-year-old and her working single mother. All of that changed last month after the quickie wedding and Andrea has been upset ever since. "He's always moving my stuff around and I can't find half of what I'm looking for," the bratty soon to be co-ed complains to her newly-engaged mother. Andrea's mother didn't mean for this to happen, she had not planned on marrying Jake until after her daughter left for college.

As luck would have it, Jake received an all-cash offer for his house that he could not refuse the day after putting it on the market. "Why not move in with Andrea and me? She'll be off to college in a couple of months, there's plenty of room," Elizabeth Lile told her fiance, Jake. With her mom working nights as a nurse at the hospital and summer vacation just beginning, Andrea soon finds herself home alone with a virtual stranger. He begins to make Andrea very nervous when she realizes that he knows things about her that no one else should. "I'm sure he married my mother just to get to me," Andrea thinks to herself as she lay awake in bed with Jake mere feet away on the other side of her bedroom wall.

Book 2. Taboo: Taking Mom's Place, Step Daddy's Halloween Party 18-year-old perky blonde co-ed Cindy Shaw cannot believe her mom would marry a man without introducing him to her first. When Cindy's 40-year-old mom arrives home from a supposed work trip she shows up with a ring on her finger. Cindy's life is turned upside down when her mother announces not only is she married but the groom is no other than her boss, Braxton Woods, and he is moving in! Cindy is horrified when the man who has been leering along with copping feels of her is going to be living under the same roof. To make matters even worse Cindy's mother has given her strict instructions to be "nice" to Braxton because due to bad investments her college fund is gone and they cannot afford any more financial losses. When Cindy is forced to fill in for her mother at the company Halloween party things begin to get out of control and send Cindy down a sick path she never thought possible. She must ask herself, is financial security worth being a submissive plaything for an older man and his friends worth it?

Book 3. Taboo: Taking Mom's Place, I Can't Say No To Daddy The innocent gorgeous blonde 18-year-old Nicole Martin cannot believe what she is overhearing as she stands quietly just outside of her stepdad's office. The stunning blonde knew her mother was making a huge mistake by marrying a man so quickly after her father's death. Nicole's attractive widowed mother, Christine Parks, thought she had little choice in the matter. Faced with a mountain of debt left behind by her deceased husband, she saw an opportunity when her late husband's longtime attorney and friend began to show a romantic interest in her. Thinking this could be the answer to her financial woes, she schemes her way to the alter mere months after the passing of Nicole's father. Derek Parks is a 40-year-old ruthless attorney who will not let anything stop him from getting what he wants. Shortly after the whirlwind marriage to his late friend's wife he learns that Christine's financial situation is far different from what she led him to believe. Without his new wife's knowledge, he quickly puts a plan into action to annul the recent quicky union and destroy what is left of Christine's finances as punishment. Nicole is caught eavesdropping with his paralegal and is instantly

put on the spot by the savage attorney. Derek reveals his true dark side as the dominating man shocks Nicole with a disgusting offer. The 18-year-old blonde must choose to become the personal property of Derek Parks and cater to his every sick filthy whim or be cast aside with her broke mother.
