"Pressestimmen 'This is not the first excellent book on the Middle East conflict. But when listeners to my radio show ask me for one book to read in order to understand the Middle East conflict and Israel's history, this is the book I will recommend. Very few people combine the knowledge, the insight, and the ability to write clearly--for both novice and academic--as does David Brog. I believe that if just a small percentage of Western university students and of the world's Muslims read this book, Israel-hatred will begin to abate, and peace in the Middle East will nally be possible. That is how good it is.' --DENNIS PRAGER, nationally syndicated radio talk show host, *New York Times* bestselling author, and founder of the Prager University website 'One of the greatest threats to Israel today is the spread of a false narrative claiming that Israel is an oppressor, an occupier, and the obstacle to peace. These lies are dangerous--they inspire terrorists to murder and doom the prospects of peace. David Brog's important new book, *Reclaiming Israel's History*, tells Israel;s story in a way that dissects and destroys these lies. Anyone interested in defending Israel must read this book.' --PASTOR JOHN HAGEE, founder and chairman, Christians United for Israel 'David Brog is a friend of mine and of Israel, because he is a friend of the truth. He does his homework and lets the chips fall where they may. He's written a history of the State of Israel that tells Israel's inspirational story while thoroughly debunking the most widespread anti-Israel myths. If you are a friend of the truth as well, *Reclaiming Israel's History* is required reading to effectively defend and stand with Israel. The truth shall set you free.' --GLENN BECK, founder of TheBlaze television network, #1 *New York Times* bestselling author, and nationally syndicated radio host Über den Autor und weitere Mitwirkende **David Brog**, a graduate of Princeton University and Harvard Law School, is the executive director of the Maccabee Task Force and was the founding executive director of Christians United for Israel. He served as chief of staff to Senator Arlen Specter and staff director of the Senate Judiciary Committee. He also worked as an executive at America Online and practiced corporate law in both Israel and the United States. Brog is the author of *In Defense of Faith: The Judeo-Christian Idea and the Struggle for Humanity and Standing*

with Israel: Why Christians Support the Jewish State."
